Star Wars: Knights of the Old Republic III released when? We polled you and these are the results:

- 61.5% feel it will be released Next Year 2007
- 25.6% feel it will be released on Judgement Day 3008
- 5% feel it will be released This Year 2006

So what does this all mean for KotOR III? Nothing really since these are just predictions of a KotOR fan community that's getting overly restless. Only time will tell who is truly correct. Although I don't know if anyone wants to play KotOR III if it is released on Judgement Day.
